

FEAR
NO
TRUTH

HELLO

A wise mind once said,
to keep your truth in sight,
the world should be a mirror
that you reflect upon.

The truth can inconvenience.
The truth can expose problems.
The truth can sometimes hurt.
And the truth can cost us friends.

But the truth can also liberate.
It can open once locked doors.
It can turn the highest tides.
And convince the
skeptic in us all.

In a world where trust
is in such short supply,
the truth just might be
the most valuable thing
we can reach for.

Based in LA,
Fear No Truth is an
independent strategy
practice, that helps
agency, start-up, and
marketing leaders
everywhere to find,
tell, and manage their
brands' true stories.

Gordon Gerard McLean

So I'm the one behind the mystery moniker. Here's a bit about me. I've spent 20+ years as a strategic planner in a variety of creative agencies in Sheffield, London, Istanbul, New York, and most recently with Apple in Cupertino, CA.

I'm fortunate to have helped launch, build and reinvent some of the world's best brands; including Apple, Bacardi, Bank of Scotland, Bing, Bombay Sapphire, EA Games, GE, Gillette, Grey Goose, Guinness, Halifax, Hilton, Holiday Inn Express, HSBC, Perfect Day, Radisson, Sandy Hook Promise, SAP, ServiceNow, Vodafone, and Wells Fargo.

I've also been lucky enough to lead a body of work that's been recognized for its commercial impact by the IPA and Effies, for its strategic thinking by the Jay Chiat's and ARF, for its cultural impact by the MoMA, Emmys and TED, and for its creative excellence by The Clios, One Show, Cannes Lions, D&AD, and others.

Now based in LA, I fly solo under my nom de plan, Fear No Truth; helping agency, start-up, and marketing leaders, wherever they are, to find, tell, and manage their brands' true stories.

Experience

A couple is seen from behind, sitting on a rooftop or balcony. The woman on the left has her hair in a bun and is wearing a dark tank top. The man on the right is wearing a blue t-shirt and glasses. They are both looking out over a cityscape at dusk, with the lights of the city visible in the distance. The text "Kind Words" is overlaid in the center of the image.

That is to say, working with him truly is ‘The Gordon McLean Experience!’

He’s a brilliant simplifier, passionate thinker, and a great partner.”
